Partner With GluFloat: Help Your Audience Eat Well With Diabetes, and Earn While You Do It

Someone in your comments has just found out they have diabetes.

They are worried, and they ask you the question you hear all the time: "What can I eat now?"

If that sounds familiar, you may be wondering how you can help them beyond one post or one reply.

The short answer is **GluFloat**.

GluFloat tells people with diabetes what to eat for breakfast, lunch and dinner, every single day. It uses the Nigerian food they already know and love, in the right size for their sugar. It also keeps a simple report they can take to their doctor.

Over 11 million Nigerians live with diabetes, and most of them are only ever told what to stop eating. We would love your help reaching them. And we want you to share in every naira they pay us.

What Does Your Audience Get?

- Your own code, which is simply your name (for example **CHIOMA**)
- The usual **7-day free trial**, with no card needed
- Then **20% off their first 3 months** on any monthly plan
- A link that adds your code for them. They can also add it later, any time in their free week

What Do You Earn?

- **40% of every payment** from each person you bring
- On every plan, monthly or yearly
- For **12 months** from their first payment, for as long as they stay
- And once 50 of your people have paid, **50% of every new payment**

We work out your share on what GluFloat actually receives, after the payment company's small fee. Here is roughly what that looks like:

Plan (monthly)	Basic	Plus	Premium
Normal price	N1,500	N2,500	N4,500
Your audience pays, months 1 to 3	N1,200	N2,000	N3,600
You earn a month, months 1 to 3	about N473	about N788	about N1,378
You earn a month, months 4 to 12	about N591	about N945	about N1,733
You earn per person who stays 12 months	about N6,700	about N10,900	about N19,700

100 people on Basic for a year would earn you about N670,000 (an estimate, as plans vary).

How and When Are You Paid?

- Straight into your bank account, once a month, with no minimum amount
- For earnings at least 14 days old, so a refund never gets mixed in

- You can check your sign-ups and earnings any time on your own private page. It never shows anyone's name or health details

What Do We Ask of You?

Not much, really. Just three things:

- **Your voice, your way.** Share GluFloat in your own words, whenever it suits you. We'll send a few talking points.
- **Keeping it true.** Please don't say GluFloat cures diabetes, replaces medicine or a doctor, or lowers sugar by a set amount. If a post slips, we'll ask that it comes down within 48 hours.
- **Playing by the rules.** Posts follow each platform's rules and Nigerian advertising law, which keeps us both safe.

How Do We Keep This Fair for Both of Us?

- **You're free.** There's no exclusivity, so you can keep working with other brands.
- **If we part ways.** Either of us can end it with 14 days' notice. You'll keep earning on people you already brought for the rest of their 12 months, unless a post broke the "keeping it true" promise.
- **Our name.** Use the GluFloat name and logo freely while we're partners. Your content stays yours, and we may share your GluFloat posts with credit to you.
- **Privacy.** We never share any user's name or health details with you, as the Nigeria Data Protection Act requires.
- **Independence.** You remain an independent partner, not an employee or agent of GluFloat.
- **Changes.** Any update comes with 30 days' notice, and never touches what you've already earned.
- **If we disagree.** We'll talk first, then try mediation in Lagos before any court. Nigerian law applies.

The Bottom Line

Your audience gets a kind, simple way to eat well with diabetes, and you earn from helping them for a whole year.

If this sounds good, just send us a "Yes" on email or WhatsApp. We'll have your code, link and talking points with you within 48 hours, so you can start whenever you like. Your "Yes" is all we need to begin on these terms, and if you'd ever like a signed agreement too, we're happy to prepare one. We'd love to have you with us.
